The WDHS Guidance Department provides a myriad of services to our students. Our goal is to assist students in making the most of their high school experience, so that they can reach their fullest potential academically, personally, and socially.

In addition to the services that we provide to students on an individual basis, we also work with students in small groups. We believe that students can learn from and provide support to one another.

Throughout the school year, we offer our students the opportunity to voluntarily participate in small group activities (either in-person or virtually) that include, but are not limited to, the following:

- New Student Transition Groups
- Support Groups such as Managing Emotions, Dealing with Grief, etc.
- Study Skills Groups
- Leadership Opportunities
- College presentations

Keep in mind that these group activities are voluntary. However, in order for your child to have the opportunity to access these services at any point during the 2022-2023 school year, we would like to have your consent. We ask that you sign below so we can have your consent on file in the event that your child elects to participate in any of these activities. Please return this form to your child's homeroom teacher or directly to the Guidance Dept. during the first week of school. Thank you.
