Course Selection / Change Summary

_____ I have reviewed the **2024-25 Curriculum Guide** on-line and have taken this information into
Initials account when making my selections. I can request a hard copy of this guide if needed.

_____ I understand that I am required to carry a minimum of 30 credits each year. **If I only carry this
Initials minimum, I will not be able to drop any class(es) for a Study Hall.** In addition, if I only carry this minimum and I fail a class, **my eligibility for sports and activities may be jeopardized.**

_____ **I understand that I cannot change one elective for another at any time during the year.** I
Initials understand that I must choose my alternate electives carefully because they may need to be substituted for my primary choices.

_____ I understand that if I do not meet the recommended minimum course pre-reqs and/or am not
Initials recommended for a particular course that I would like to take, my parent(s) and I can follow the **waiver process and submit the waiver form prior to May 1st.** If I enter a class on a waiver, I understand that no changes will be made to my schedule regarding this course.

_____ I understand that my parents and I can make changes to my requests **until May 1st, 2024.** If we
Initials have any questions in regards to this program of study, my parents or I can contact the Guidance Dept. **No changes can be made after May 1st.**

_____ I understand that my course selections will not be finalized in the computer until I return this
Initials sheet with my parent's approval.

Student / Parent Approvals:

We have reviewed and approve of these course selections. We have also reviewed and agree to the course change guidelines as outlined in the 2024-25 Curriculum Guide (summarized above).
